EXPECT EXPERT PERFORMANCE

CRAFTED FOR EXCELLENCE, DESIGNED FOR LONGEVITY

PROFESSIONAL WOOD CARE

Exterior wood surfaces face an array of harsh elements, from UV rays to rain, sleet, and snow, all taking a toll on their integrity. At EXPERT Professional Wood Care, we grasp these challenges intimately. That's why our solution is straightforward yet exceptional.

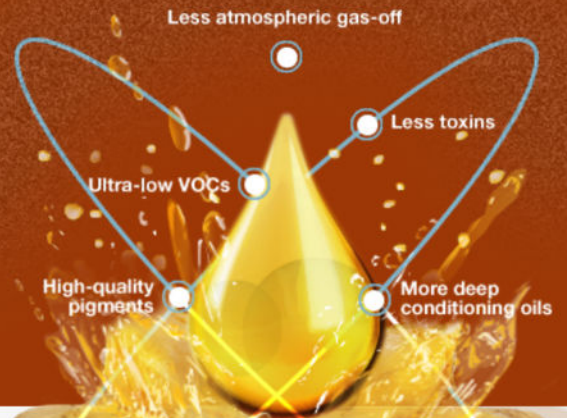

Introducing EXPERT Log & Timber Oil: a premium, one-coat application that's not only high-quality but also, easy to use. Protecting and enhancing your home has never been simpler or more effective. Trust EXPERT for lasting beauty and unparalleled protection for your wood surfaces. Siding, railings, decks, shakes & shingles, fences, boat docks, logs, outdoor wooden furniture and mass timber—these are all surfaces where EXPERT Log & Timber Oil truly shines, offering unmatched protection and enhancement for your outdoor spaces.

EXPERT Log & Timber Oil:

Experience the confidence of a lifetime warranty with EXPERT Log & Timber Oil's 3-step system. Our one-coat application ensures ease and efficiency while the high-quality iron oxide pigments provide UV protection and enhanced wood clarity. Ideal for decks, siding, and various applications, EXPERT Log & Timber Oil penetrates deep, reducing warping, cracking, and twisting, with a formula that never peels, cracks, or chips. Infused with citronella oil, it offers natural defense against carpenter bees and boring insects.

Trust EXPERT for unparalleled protection and lasting beauty for your outdoor wood surfaces.

Available in 10 timeless colors to enhance the life and beauty of your timber..

*MSRP Pricing is subject to change without notice. **All EXPERT Stain & Seal stain samples are applied to cedar wood. Color results may vary. Wood type, graining, color, texture, and age determine the finish. †For the warranty to be valid, the product must be applied with proper application technique, according to label directions. It must be maintained yearly, with washes using EXPERT Professional Wood Care cleaners. Horizontal surfaces must have a maintenance stain coat application every 2-years. And on vertical surfaces, every 2-years for Transparent, 3-years for Semi-Transparent, and Semi-Solid stains. Clear finishes require maintenance intervals and re-application every 6 to 12 months and have no warranty. No other warranty is expressed, or implied. If the product is faulty when applied according to the label instructions, product replacement will be awarded, or the purchase price refunded. The Manufacturer and Seller assume no liability for any labor costs.
